

Pilot Occupational Disability Income Insurance

Underwritten by Americo Financial Life and Annuity Insurance Company Offered exclusively to members of the Aviation Health Association

Eastern Airline Captain Harvey Watt pioneered Pilot Disability insurance in 1951. Today, Harvey W. Watt & Company, Inc. (Harvey Watt & Co.) is a leading manager of professional pilot insurance. We administer insurance for over 50,000 pilots.

Keeping Pilots in the Cockpit for over 60 years

- Our commitment is to provide pilots and their families with the most competitive insurance options available.
- Our representatives are paid by salary, not commission. We are here to help make sure the plan is explained to you and your needs are met with no pressure.
- · We represent U.S. insurance companies. These companies and the products they offer are subject to governmental regulation.
- We can help compare your disability insurance options whether you are looking for stand-alone or supplemental disability insurance protection.

IF YOU GET GROUNDED, MONEY STOPS ... BILLS DON'T

In the U.S., nearly one in five people will become disabled for more than a year before reaching age 65.1

Our experience tells us one in 20 pilots are disabled every year.

Pilot friendly policy features:

- Replace income if you can no longer fly due to your health.
- Portability: coverage and rates will not change if who you fly for, where you fly, or your union changes.
- If you can't fly for a living due to your health, you can still work another job and receive benefits.
- **Ability to Fly Test:** definition of disability pertains to your health and your ability to fly as a career.
- No Future Health Questions: once enrolled if your policy has not terminated, you keep your coverage with no future health questions.

AVIATION MEDICAL ADVOCACY

How do you get back up in the air if the Federal Aviation Association (FAA) or the Aviation Medical Expert (AME) turns you down?

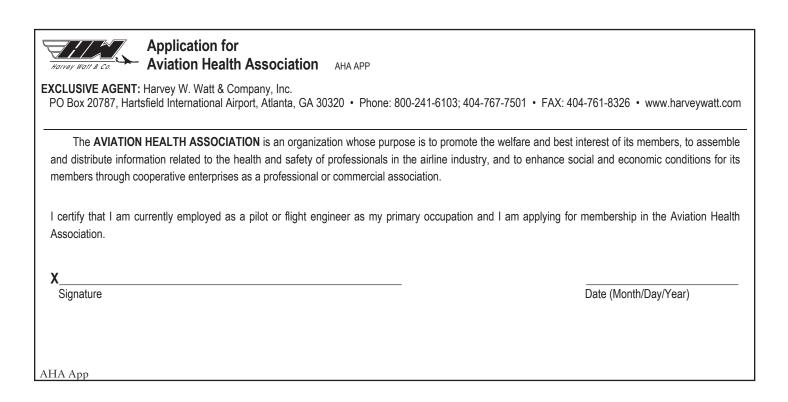

Our experts are here to help. Pilots want to fly and our experience shows that by offering a voluntary resource to help pilots with FAA recertification, many can get back in the cockpit much faster. This helps to keep you in the cockpit and to keep rates stable. It's the reason we are able to exclusively offer this disability insurance coverage.

If there's a way to help you get back in the air, our Medical Director will find it. Dr. Fred Tilton, the former Federal Air Surgeon, is here to help you.

- As a member of the Aviation Health Association, a full staff of doctors, flight surgeon nurses, and AME trained medical consultants are here to help.
- · Contact us whether it's a small medication question or a major medical issue which requires us to present your case to the FAA Review Board.
- Know: When you can legally fly and when you should ground yourself.
- · Confidentiality: Speak candidly with our experts.

We've got news for you. Health news! Interesting news! Medical news from the nation's most respected resources, and it's all new every month in our *Aviation Medical Bulletin*. The subscription for the *Aviation Medical Bulletin* is free with your AHA membership enrollment.

COVERAGE & FEATURES

Monthly Pay Disability Benefit

Tax-free monthly disability benefits can help keep your world intact until you return to active flight status.¹

Monthly Pay Disability Benefits are issued through age 58 with benefits available from \$500 to \$8,000 per month for continued disability. Disability is defined as the inability to perform the substantial and material duties of a commercial pilot as a result of injury or sickness.

Three levels of coverage are available:

- Plan-48: 48 months³ of monthly income benefits with a 6-month elimination period
- Plan-36: 36 months³ of monthly income benefits with a 6-month elimination period
- Plan-24: 24 months³ of monthly income benefits with a 6-month elimination period

Monthly benefits may be up to two-thirds of your lost monthly income and up to 100% when combined with any other valid loss of time coverage sources² of disability compensation. Monthly Pay Disability Benefits may be paid on top of other disability income. Benefits may be reduced so total disability income does not exceed lost monthly income. The minimum Monthly Pay Disability Benefit is the lesser of the benefit amount selected or \$300.

Lump Sum Catastrophic Benefit

This benefit provides a lump sum in the event you suffer a permanent medical disability allowing you to adjust to the reduction of monthly income that inevitably follows permanent disability and loss of your FAA Medical Certification. Permanent disability is defined as a disability from which you are not reasonably expected to recover.

The Lump Sum Catastrophic Benefit may allow you to reduce large financial commitments such as your mortgage, children's education expenses, or pursue a new career. It may also help fund a retirement.¹

This benefit provides higher coverage during the early years of the policy, when you may need it most. Coverage then decreases as you get older when you are closer to retirement. It can be issued through age 55, and is available for amounts up to 2.5 times your current annual earnings, not to exceed \$250,000.

Two levels of coverage are available:

- Lump Sum Plan-A has a level lump sum benefit to age 40. Beginning at age 40, the benefit decreases by 5% of the original face amount per year until age 59. The coverage terminates at age 60.
- Lump Sum Plan-B has a level lump sum benefit to age 50. Beginning at age 50, the benefit decreases by 10% of the original face amount per year until age 59. The coverage terminates at age 60.

You can attain comprehensive disability income protection for both short term and permanent disability. Monthly Pay Disability benefits are available both with and without the Lump Sum Catastrophic Benefit.

²Sources include individual, group and self-insured disability coverage, such as coverage provided by disability insurance policies, employer, association or union-sponsored disability plans, salary continuation, or replacement disability plans, and other plan that provides benefits for disability. Federal Social Security or any similar federal, state, or local law, workers' compensation, occupational disease laws, and state disability benefit plans are Social Insurance, and the amount of such benefits will reduce the payment under the policy regardless of the coverage.

What's the difference between the Monthly Pay benefit and the Lump Sum Catastrophic benefit?

The Monthly Pay benefit can help supplement your income on a monthly basis, including when you are temporarily disabled, but expecting to return to active flight status when your health permits. The Lump Sum is a lump sum benefit, payable when you are permanently unable to fly as defined in the policy. Because each benefit was designed to solve a unique problem, they are often purchased together to cover most scenarios.

Can the benefit be increased when the policy is in effect?

Yes. While you are within the issue age limits and not disabled, you may apply to increase your benefits. Additional underwriting may apply; contact Harvey H. Watt & Company, for more information.

Can I be singled out for a rate increase if my health changes?

No. Once you are approved and your coverage remains in effect, your monthly premium rate cannot be changed due to a change in an individual's health. Changes to monthly premiums may only take place when changes will apply for everyone on a class basis.

When does my coverage take effect?

Each application is given prompt attention as soon as results of your medical underwriting are available. Coverage is effective on the first day of the month following the date your application is approved and we've received your first premium.
